- One (1) wireless hand-held mic
- One (1) mic stand with round base place downstage in center of pit
- One (1) Stool placed upstage in front of drumset (centered)
- One (1) Guitar stand placed upstage in front of drumset (next to stool)
- Merchandise Table to sell CDs after show

Artist Pre-sets

- Tap shoes in front of DS left monitor
- Towel in front of DS right monitor
- Acoustic Guitar on guitar stand (or on stool)
- Rhinestone jacket and fedora stage right wing
- Water bottle on stool upstage

Tech Rider (Addendum for Track Shows)

Tracks:

Artist will run tracks with a Bluetooth pedal trigger.

Connections:

Tracks will be run from a laptop via **1/8 inch connection** OR via audio interface with **quarter inch stereo out** (artist will be prepared for both options)

Guitar will be a wireless set up to a mic'd mini amp. The microphone for the amp will require an **XLR** connection to the house system

For tap shoes, Artist carries a Shure BLX wireless body pack system. This will require an **XLR** connection to the house system

Standard microphone stand with round base preferred
